

WHAT IS EYVO SUPPLIER MARKETPLACE?

Eyvo Supplier Marketplace is a new online platform that connects businesses with a global network of verified suppliers from a variety of industries. Our platform makes it easy to find the right suppliers for your needs, making it convenient for your business.

Our user-friendly platform helps businesses find and manage reliable suppliers, with self-service management features to streamline procurement operations.

Benefits to vendors who sign up for the Eyvo Supplier Marketplace

AUDIENCE

REACH A GLOBAL AUDIENCE

Our marketplace is accessible to businesses all over the world, which means you can reach new customers and grow your business.

GENERATE MORE LEADS

Our platform makes it easy for businesses to find your products and services, which can lead to more leads and sales.

LEADS

AWARENESS

INCREASE BRAND AWARENESS

We are a trusted platform, so being listed on our site can help to increase your brand awareness and credibility.

CATALOG

MAINTAIN CATALOG & ORDERS

On our platform, you can seamlessly maintain a catalog of your items and even view the orders you have received through Eyvo's clients, allowing you to stay up to date with your orders.

PUNCHOUT CATALOG INTEGRATION

Our current punchout functionality exclusively caters to Eyvo clients, allowing users to browse our catalog, select items, add them to their cart, and place orders with ease.

The upcoming independent punchout supplier version, currently in development, will allow you to integrate with any procurement application.

INTEGRATION

Our global network of suppliers gives businesses access to new possibilities and expands their supplier base like never before.
